## Gin + Tonic Lounge

19

*We have selected premium global gins and paired them with quality Fever Tree tonics, serving them over custom crystal-clear ice.*

### Copper Spirit Harmony + Elderflower

*This deliciously unique organic Gin is made locally on Bowen Island. Along with 13 wild foraged botanicals, German copper stills help create a soft, well refined and herbaceous Gin strongly representing West Coast flavors. Notes include: Cardamom, black pepper, lavender, pine and citrusy juniper.*

### Nadar + Indian

*This incredibly unique Gin is both the world's first Climate Positive Gin and the first to be distilled from Pea's. Hailing from Arbikie Island, Scotland. A family owned, field to bottle Gin. Slightly green and earthy with herbal citrus. Notes include Orange, Lemongrass & Lime Leaf*

### Christopher Drouin Le Gin + Mediterranean

*Distilled in Normandy, France, this Gin sets out to explore the aromas of the region. With only 30 cider apples being hand selected for this 'Small Batch' each botanical is distilled separately for optimum aromatics. All comes to fruition with a crisp, spicy finish and the nose of a high-quality calvados. Notes include ripe apples, ginger, cardamom and vanilla.*

### Sipsmith + Indian

*Opening in 2009 Sip Smith became London's first new copper distillery in 189 years. Distilled in only 300-liter stills, this required the founders to petition for change to a century-old excise law. Notes include juniper, orange marmalade, lemon tart, subtle spice and a creamy finish.*
